## **Dentsu Postpones Announcement of Non-consolidated Net Sales for March 2011**

Although Dentsu Inc. always announces the previous month's earnings results on the fifth business day of each month, the impact of the Great East Japan Earthquake has necessitated a postponement of the planned April 7 announcement of the Company's net sales for March 2011.

The Company regrets any inconvenience that the postponement may cause, and asks for the understanding of its shareholders and investors.
